

## PRESS RELEASE

### FOOTSTEPS IN THE PEAKS

Widely respected UK monochrome landscape photographer, printer and author Dave Butcher has just published his second book, PEAK LIGHT.

Peak Light is a large format 80 page softback featuring 90 of Dave Butcher's stunning black and white images of the Peak District landscape – the area where he has lived and worked since 1988.

The book contains a location map for each picture and a caption to aid the reader in following in his footsteps. Dave also shares with the reader his photographic and traditional darkroom techniques; technical data is included for every image.

Dave Butcher has been making black and white photographic images since the early 1970's. A chemist by profession, Dave worked for Ilford Photo for 21 years until becoming a full-time professional photographer in 2002. He gained his Associateship of the Royal Photographic Society in 1987 and has been selling original prints of his landscape and city photographs for nearly 20 years.

Peak Light is the second book from Dave Butcher, High Light (Arem Publishing, 2005) being the first, which has already been reprinted. His images have also been included in many books and magazines and exhibited widely. Dave also shares his expertise by giving Ilford Darkroom Masterclasses and lectures to schools, colleges and clubs as well as running his own photography courses and darkroom workshops in the Peak District.

#### BIBLIOGRAPHIC DATA

Peak Light by Dave Butcher

Published by Dave Butcher Photography

ISBN 978-0-9555627-0-9

80 pages, softback, 275 x 240 mm, 90 plates
